

Ecological Field Technician Opportunity

Hemmera is currently looking for a field technician (approximately 20 – 40 hrs per week) to help with ecological monitoring at the Cape Scott Wind Farm. Tasks include bird and bat fatality monitoring around turbines and collector lines, elk abundance surveys, and vegetation surveys/monitoring.

The successful staff will be trained by a Hemmera field biologist, and have the opportunity to be involved in and learn ecological monitoring techniques.

Key Requirements

- The work is regularly scheduled from spring to fall, and requires approximately 10-hour days outdoors.
- A strong work ethic, self-motivation and attention to detail is essential.
- Outdoor clothing, a driver’s license and safety certifications (see below), are required.
- Having an interest in the natural environment, and experience with GPS and iPad devices would be useful.

Location

Port Hardy, transport to site is provided daily.

Application Process

If you, are interested please complete the form below. We are actively searching for staff for the 2015 field season.

Comments (if any):

Job Description: Hemmera is currently looking for a field technician (approximately 20 – 40 hrs per week) to help with ecological monitoring of the Cape Scott Wind Farm. Tasks include bird and bat fatality monitoring around turbines and collector lines, elk abundance surveys, and vegetation surveys/monitoring.

The successful candidate must be comfortable working outside in all weather conditions, have good physical fitness and the ability to hike up to 8 hrs per day, be self-motivated and detail-oriented with an ability to work independently (though in contact with on-site wind farm staff). Previous experience conducting ecological field work is an asset.

Field work will require early morning starts and field days will be approximately 10 hrs long. Assistants must be prepared to spend the day outside walking and/or hiking. They must provide their own clothing suitable for outdoor work (gloves, hiking or rain boots, hard hat, hi-vis vest, rain gear, etc.). Some PPE (**safety glasses, hard hat, and high visibility vests**) can be provided by Hemmera if required.

Comments: Applicants outside of Port Hardy are responsible for their own transportation to and from Port Hardy. Hourly rate for this position is \$22.00 per hour, less statutory deductions.
