

Automotive Technician

Dave Landon Motors requires a journeyman Automotive Technician to join our Ford of Canada dealership. Our family run dealership has been in business for over 46 years and is the recipient of multiple Ford of Canada Presidents Awards for sales and customer satisfaction leadership.

We are actively seeking a skilled journeyman technician preferably with Ford experience and specialty training to diagnose and repair Ford Cars and Trucks as well as all makes.

Job Duties / Qualifications:

- Accurate diagnosis and repair of all vehicles
- Adhere to all warranty and internal policies and procedures
- Meet standards of productivity and efficiency
- Provide detailed and accurate notes
- Participate in and maintain all standards of training as required by Ford Motor Company.

We offer the following benefits to our valued employees:

- Compensation will range from \$30 - \$35 per hour based upon your experience and confirmed level of completed Ford approved specialty training
- Benefits plan to cover medical, dental, short and long term disability as well as life insurance.
- Port Hardy has very affordable housing, a safe and clean community to raise a family along with an abundance of outdoor recreational opportunities. . From world class sport fishing, hiking, kayaking or hunting, we have it all in a year round mild climate situated in one of the most scenic areas of BC.

Relocation assistance will be considered for the correct applicant.

Please provide a copy of your completed resume along with references and contact details, all training history, Ford specialties or any other relevant details.

Please send your completed resume for consideration to dlsales@telus.net
