

Woods Foreman/Handyman Bear Lake Logging Co. Ltd.

Bear Lake Logging Co. Ltd. is seeking an experienced west coast logger for the position of Woods Foreman / Handyman.

This role will support the Operations Manager with planning and supervision of a safe, efficient remote camp logging operation working the Mid-Coast area. This full-time, year-round position is suited to a candidate with practical logging experience and interest in developing their management and supervisory skills within a medium sized, non-union company.

Strong interpersonal skills and a commitment to safety and production are critical, as is experience operating a variety of logging equipment.

Fly-in/fly out from Campbell River. Rotation is 14 days on / 7 days off. Submit your cover letter and resume to fax 250-248-5467 or email safety@bearlakelogging.ca.
