

Island Health is seeking rural nurses to join our team on northern Vancouver Island.

Island Health is one of the 5 regional Health Authorities in BC and the largest employer on Vancouver Island with over 19,500 employees, 1,900 physician partners, and over 6,000 volunteers. We have a number of full-time registered nursing positions available based at the Cormorant Island Health Centre in Alert Bay.

Alert Bay has a population of approximately 1200-1500, is the oldest community on northern Vancouver Island, and has been the traditional home of the Namgis First Nation for several thousand years. Alert Bay is easily accessible by a scenic 45 minute ferry ride from Port McNeill and the small, picturesque fishing village of Sointula on Malcolm Island. Ferry service runs continuously between Port McNeill, Sointula and Alert Bay 7 days a week.

Imagine yourself surrounded by magnificent scenery with an abundance of outdoor recreation at your doorstep. Consider the joy of working in a close-knit, small-town community setting and the important role healthcare providers play in these communities. In this role, you follow your clients from facility to the community improving the continuity of care.

At the bright and modern **Cormorant Island Health Centre**, built in 2002, services include: Emergency Department, Acute Care, Residential Care, Medical Detox, Ambulatory Outpatient Services, Laboratory, X-Ray, Palliative Care, and Emergency Obstetrics.

We offer an exceptional employer-paid benefits package including dental and prescription coverage, group life, long-term disability and extensive extended health plan as well as competitive wages. Relocation assistance is available.

Qualifications

Ideally you have up to 2 years' similar experience, along with your Current practicing registration with the College of Registered Nurses of British Columbia (CRNBC). Advanced Cardiac Life Support for Emergency Room, ICU and Critical Care preferred.
