Do you have a passion for growing fish? Do you have effective leadership skills to keep a team engaged? We are looking for people like you.

Saltwater Husbandry Technician

Application requirements

As a Husbandry Technician you will be responsible for general farm operations including feeding and care of fish stocks. Duties would include operation and basic maintenance of auto feeders, boats and equipment in the marine environment.

Familiarity of the concepts of fish growth and stock management would be an asset. The ability to understand and adhere to our Standard Operating Procedures is essential.

Special requirements

- This is a camp-based position with 8 days on-shift and 6 days off
- Prerequisites to hiring are a fitness test and a criminal record check
- We offer competitive wages, a corporate bonus program, company paid benefits package, and a matching RRSP plan.

How to apply

If you have the skills we are looking for, and would like to become part of our dynamic team, please forward a resume by e-mail or fax to:

Cermaq Canada
